### HSC Funded New Breakthrough Research

London scientist, Stephen Ferguson, has new research funded by the Huntington Society, that could benefit those with Huntington disease and other movement disorders like Parkinson's. Read the full article [here](#).

### Interested in Participating in a Survey?

A Survey on the Effects of Presymptomatic Testing in Huntington Disease: This survey is part of a research study that determines what effect presymptomatic testing in HD has on familial and romantic relationships. For more information on the survey and for contact information, [click here](#).

### 9th Annual HD Therapeutics Conference

The 9th Annual HD Therapeutics Conference will be held February 24-27, 2014, at the Parker Hotel in Palm Springs, California. For more information on the conference [click here](#).

### Have you voted yet?

The new HSC website has an interactive poll where you can quickly and easily provide your feedback. The poll is updated frequently and we would love your feedback. You can find the poll by [clicking here](#) or visiting an internal page on the site and scrolling down; the poll will be on the left side of the page.

### IN THE NEWS!

#### Debates rage in insurance industry over genetic testing

London Free Press- January 9/14

Bev Heim-Myers comments on new legislation to ensure genetic test results aren't used to harm the owner. Read the whole story [here](#).

#### Is the new Huntington disease drug study on the right Trk?

HDBuzz - January 2/14

Stanford researchers work with a drug that "reduces brain changes and motor deficits associated with Huntington's disease." Read the whole story [here](#).

#### DNA shutdown proteins in Huntington disease

HDBuzz - December 16/13

DNA is the longest instruction manual on Earth. Because it's so long, cells shut down sections of the manual they don't use very often. Read the whole story [here](#).

#### A Word from HSC's CEO

Check out HSC's new blog from CEO and Executive Director, Bev Heim-Myers. This is an ideal place to find reflections and up-to-date information about the happenings at HSC. Read her latest blog [here](#).
