The 4th Annual CHDI Therapeutics Conference

February 26 - 28, 2014

Bev Heim-Myers, Chief Executive Officer of HSC, attended the CHDI Therapeutics Conference. There she learned about the new therapies that are approaching the clinical testing stage for HD, plus much more. Read the more about her experience, on her blog, [here](#). Read the daily updates on the conference from HDBuzz, [here](#).

CHDI Foundation and Genzyme enter agreement to develop novel virally delivered gene-silencing therapeutic for HD

CHDI Foundation, February 21, 2014

CHDI Foundation, Inc. and Genzyme Corporation have entered into a collaboration to develop adeno-associated virus delivery of a novel gene silencing therapeutic approach for Huntington disease. To read the full article [click here](#).

UBC Team Discovered how to Target and Disable Bad Proteins

Sun Media, February 22, 2014

A group of Canadian researchers say they have developed a procedure that targets proteins that cause disease and destroys "bad apples" in the cell. You may read the full article by [clicking here](#).

IN THE NEWS!

Sleep, cilia and HD

HDBuzz - March 6/14

Studies have shown that HD patients tend to get less efficient sleep, fewer hours of sleep, and wake up more times during the night. However, sleep in Huntington's is under-researched. Read the whole story [here](#).

Prana announces results of Reach2HD trial of PBT2 for Huntington disease

HDBuzz - February 20/14

The results are in from the Reach2HD study, which was designed to test the experimental drug PBT2 for early and mid-stage Huntington disease. The drug seems safe and well-tolerated at the doses that were tested, but we have major concerns about the way the results have been reported. Read the whole story [here](#).

HDYO Releases 2013 Annual Report

HDYO.org, February 2014

What an incredible year it has been for this little non-profit organization. This year brought with it some special growth at HDYO. You may read the full article by [clicking here](#).

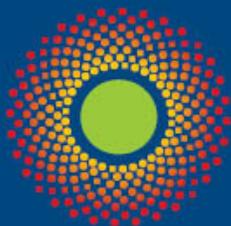

The Huntington Society of Canada is a proud supporter of
